

Key Instant Recall Fact 15

I know facts about time

By the end of this half term, you should know the following facts. The aim is to recall these facts **instantly**. You should also be familiar with using the key vocabulary.

Number of days in each month

There are 60 seconds in a minute

There are 60 minutes in an hour

There are 24 hours in a day

There are 7 days in a week

There are 12 months in a year

There are 365 days in a year

There are 366 days in a leap year

January	31	July	31
February	28/29	August	31
March	31	September	30
April	30	October	31
May	31	November	30
June	30	December	31

Weekly KIRF Tasks (Ideas)

Week 1 - Make a poster of the facts for your bedroom wall or your fridge. Look at it every day!

Week 2 – Make up a poem or a song of your facts. Use it to help you practise. Sing it on the way to school!

Week 3 – Make a calendar for your bedroom wall. Note on it special events such as birthdays.

Week 4 – Test your parents or someone else in your family on their facts! Ask them about how many days in each month, or what day comes after a specific date on the calendar.

Week 5 – Work out how many days until a special day, such as your birthday or a religious holiday. Keep a countdown on your bedroom wall.

Week 6 – Ask an adult to test you on your ability to guess the length of a minute. Do star jumps until you think you've been doing them for exactly one minute. Ask a parent to time you and see how close you were.
